

RESOLUTION NO. RES-24-0105

A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF LONG BEACH APPROVING THE BOARD OF
PUBLIC UTILITIES COMMISSIONERS OF THE CITY OF
LONG BEACH RESOLUTION NO. UT-1514, READOPTING
AND AMENDING RESOLUTION NO. UT-1483, CREATING
OFFICES AND POSITIONS OF EMPLOYMENT AND FIXING
THE AMOUNT OF COMPENSATION FOR SUCH OFFICES
AND POSITIONS

WHEREAS, Section 1403, Subsection (3) of the Charter of the City of Long
Beach provides that certain offices and positions for the employees of the Long Beach
Public Utilities Department shall be fixed by the Board of Public Utilities Commissioners
(the "Board") by resolution, subject to the approval of the City Council by resolution; and;

WHEREAS, the Board adopted Resolution No. UT-1514 on June 6, 2024,
and presents it to the City Council for its consideration and approval;

NOW, THEREFORE, the City Council of the City of Long Beach resolves as
follows:

Section 1. Pursuant to the provisions of Section 1403 of the Charter of the
City of Long Beach, Long Beach Public Utilities Resolution UT-1514, a copy of which is
attached hereto and on file with the City Clerk, is hereby approved.

Section 2. Provided implementation of any salary modifications shall be
contingent upon completion of any and all meet and confer requirements with applicable
bargaining units.

Section 3. The provision whereby the General Manager has authority to
establish updated unclassified positions and salary ranges as described to align utility-
specific management roles shall be retroactive as of October 1, 2023.

Section 4. The provision regarding the Board's FY24 authority over General Manager's salary shall be retroactive as of October 1, 2023.

Section 5. The City Clerk is hereby authorized and directed to forward to the Board of Public Utilities Commissioners, without delay, a certified copy of this Resolution.

Section 6. This resolution shall take effect immediately upon its adoption by the City Council, and the City Clerk shall certify to the vote adopting this resolution.

I hereby certify that the foregoing resolution was adopted by the City Council of the City of Long Beach at its meeting of July 16, 2024 by the following vote:

Ayes: Councilmembers: Zendejas, Duggan, Supernaw, Kerr, Saro,
Uranga, Austin, Ricks-Oddie.

Noes: Councilmembers: None.

Absent: Councilmembers: Allen.

Recusal(s): Councilmembers: None.

City Clerk

RESOLUTION NO. UT-1514

A RESOLUTION OF THE BOARD OF PUBLIC UTILITIES COMMISSIONERS OF THE CITY OF LONG BEACH CONFIRMING, READOPTING AND AMENDING RESOLUTION NO. UT-1483, CREATING OFFICES AND POSITIONS OF EMPLOYMENT, AND FIXING THE AMOUNT OF COMPENSATION FOR SUCH OFFICES AND POSITIONS, AND RESCINDING ALL OTHER RESOLUTIONS OR ORDERS RELATING THERETO

WHEREAS, the Board of Public Utilities Commissioners of the City of Long Beach ("Board"), pursuant to Subsection (3) of Section 1403 of the Charter of the City of Long Beach, desires to create certain offices and positions in the permanent service of the Long Beach Public Utilities Department ("Utilities Department"), fix the amount of compensation therefore, and rescind all other resolutions or orders relating thereto;

NOW, THEREFORE, the Board of Public Utilities Commissioners of the City of Long Beach resolves as follows:

Section 1. TITLE. This Resolution shall be known as the "Utilities Department Salary Resolution" and may be cited and referred to as such.

Section 2. ESTABLISHMENT OF OFFICES, POSITIONS AND COMPENSATION. The Board hereby creates and establishes the offices and positions of employment listed in Attachment "A", at the compensation set forth at the Salary Range designated and any additional compensation listed herein therefore notwithstanding those positions of employment at the compensation set forth therein and any additional compensation listed in Salary Resolution of the City of Long Beach ("City Salary Resolution") with the purpose of amending this Resolution immediately thereafter to include the new position(s) of employment and subsequent compensation. Pay rates for all offices

1 and positions shall take effect on and after the date and time set in the City Salary
2 Resolution unless otherwise duly noted within or superseded by MOU provisions with City
3 Council approval.

4 Further, in accordance with Section 3(6) of the Civil Service Rules, the Board
5 hereby creates and establishes the non-career (NC) positions of employment listed below
6 at the compensation of each non-career position at the pay rates set forth in the Salary
7 Schedules and identified by a Salary Range Number.

8 Section 3. EMPLOYMENT COMPENSATION. Every person who has
9 been or who hereafter may be duly appointed to an office or position of employment
10 indicated herein ("employee") and who is qualified to hold and does hold such office or
11 position from and after the date or dates that the compensation prescribed herein shall
12 become effective or from the date of employment, whichever occurs later, shall receive as
13 full compensation for his/her services a biweekly salary based on one of the pay rates
14 herein, in each Salary Schedule ("Salary Schedule") established in the City Salary
15 Resolution in effect or as amended for his/her office or position, together with such
16 additional compensation, if any, as provided herein, by the City Salary Resolution, or by
17 the City Personnel Ordinance. The method and manner of determination of the pay rate
18 for each office or position of employment shall be fixed as stated in this Resolution, which
19 may also include, by reference, part of the City Salary Resolution and City Personnel
20 Ordinance.

21 Section 4. PAY RATES. The biweekly salary of any employee of the
22 Utilities Department who is appointed to any office or position of employment created and
23 established in this Resolution shall be at a Pay Rate Step of the Salary Range Number for
24 such office or position in accordance with the City's step placement policy or as determined
25 by the General Manager of the Utilities Department ("General Manager"). In those cases
26 where offices or positions are designated by grade numbers, the biweekly salaries of such
27 employees shall be computed based on one of the pay rates designated for the grade
28 thereof. The General Manager may designate the initial Pay Rate Step or increment of any

1 employee within the Salary Range for the employee's office or position. However, the
2 Board may, by resolution, specifically designate that the pay rate of any employee is fixed
3 at some other pay rate included within the Salary Schedule without limitation as to grade
4 or numerical designation.

5 After the initial Pay Rate Step, an employee's pay rate progression in the
6 office or position shall be adjusted in accordance with step advancement procedures in the
7 applicable MOU.

8 As to those positions for which there is an "H" pay rate specified as well as
9 the regular pay rate, the General Manager may specify, at the time of making an
10 appointment or at any time thereafter, that the appointee to such position is to be paid at
11 the "H" rate or at a regular pay rate.

12 Section 5. PROMOTIONS. If an employee is promoted from one position
13 to another for which a higher pay rate is established, or is advanced from one grade to
14 another in the same position for which a higher pay rate is established, or is transferred
15 from one department to another without change of position or grade, then the General
16 Manager shall designate the pay rate of such employee to be at one of the pay rates for
17 such position or grade which will be not less than the pay rate received by such employee
18 immediately prior to such promotion, advancement, transfer, or Salary Schedule change.
19 Likewise, if an employee is transferred as prescribed by the Civil Service Rules and
20 Regulations for the City of Long Beach ("Civil Service Rules") for other than disciplinary
21 reasons from one position to another position for which a lower pay rate is established,
22 then the General Manager shall designate the pay rate of such employee to be at one of
23 the pay rates prescribed for such position to which the employee is transferred. For the
24 purpose of computing the "period of employment" under the provisions of this Section, an
25 employee of the Utilities Department who has been reinstated to his/her former position
26 pursuant to the provisions of Section 52 of the Civil Service Rules shall be considered as
27 having been in the continuous service of the Utilities Department during the period said
28 employee shall have served in the Armed Forces.

Section 6. PAY FOR EXECUTIVES/PROFESSIONALS.

A. Executive Salary Ranges. The provisions of this Resolution relating to assignment of employees to Pay Rate Steps and to pay step advancement shall not apply to employees in offices or positions which have been assigned to an Executive Salary Range Number, as indicated herein.

The level of compensation of employees in such offices or positions shall be determined on a merit basis and said employees shall be initially placed by the General Manager at a level of compensation within the limits of the salary rates shown above. Under no circumstances will an employee's salary exceed the maximum salary for an employee's assigned classification range, unless approved by the City Council or the salary increase is due to a general wage increase.

B. Merit Increases / Decreases. After the employee has been initially placed at a level of compensation within the Executive Salary Range, the General Manager shall have the sole and exclusive discretion to increase or decrease the employee's level of compensation within the Executive Salary Range Number for the employee's office or position which the General Manager shall determine to be the proper level of compensation as merited by the performance and demonstrated ability of said employee through an evaluation process provided, however, that the total of all percentage increases or decreases, including both merit and salary adjustments in compensation for any such employee shall not exceed seven percent (7%) during any fiscal year without approval of the Board and City Council. These percentage increases or decreases in compensation are to be implemented on a prospective basis, the effective date will be the first day of the first full pay period following approval from the Board and/or City Council, as applicable.

C. GENERAL MANAGER

The level of compensation for the General Manager shall be set and adjusted by the Board in accordance with the established salary range approved by the City Council.

C.1. MERIT INCREASES

1 Merit increases of the General Manager must be approved by the Board as merited by
2 performance and in accordance with the established salary range approved by the City
3 Council. Merit increases approved by the Board above the established range and/or merit
4 increases above the established fiscal year maximum must be approved by the City
5 Council.

6 C.2. GENERAL INCREASES

7 General increases and other terms of compensation (ad-hoc, bonus, retention payments,
8 etc.) for the General Manager must be approved by the Board and must not exceed the
9 parameters set forth by the Unrepresented Management (Non-Sworn) Employee Terms,
10 approved by the City Council.

11 C.3. FRINGE BENEFITS

12 The General Manager is eligible for fringe benefits, including transportation allowance and
13 deferred compensation, as set forth by the Unrepresented Management (Non-Sworn)
14 Employee Terms, approved by City Council.

15 D. Executive Performance Incentive Compensation. In addition to and
16 apart from any merit increase provided in subsection "B" above, each employee assigned
17 to an Executive Salary Range Number shall be eligible to participate in and receive
18 Individual Performance Incentive Compensation, the purpose of which is to compensate
19 management employees for distinguished and outstanding performance for the periods for
20 which Individual Performance Incentive Compensation is paid and in further anticipation of
21 continued distinguished and outstanding performance in subsequent periods.

22 At or near the commencement of the applicable fiscal year, an eligible
23 employee and the General Manager shall develop and establish a written and approved
24 performance plan for the employee which sets forth objectives or targeted results for the
25 ensuing fiscal year or remaining portion thereof. Outstanding performance in the attainment
26 of these objectives or distinguished performance in a specific project or program shall
27 qualify the employee for Individual Performance Incentive Compensation. Such incentive
28 compensation may be paid to any eligible employee in an amount not to exceed \$3,500.00

per fiscal year based upon the evaluation and determination by the General Manager of the employee's performance under the previously approved performance plan.

Section 7. EXECUTIVE LEAVE. Employees with the Salary Range Number E00 are eligible to be granted executive leave by the General Manager, in accordance with and pursuant to the provisions of Section 4.10 of the City Personnel Ordinance. In addition to the five days granted to eligible employees in Section 4.10 of the City Personnel Ordinance, the General Manager may grant up to five additional days of executive leave per calendar year for employees with the Salary Range Number E00 if an employee is promoted from one position to another for which a higher pay rate is established, or is advanced from one grade to another in the same position for which a higher pay rate is established, or is transferred from one department to another without change of position or grade, then the General Manager shall designate the pay rate of such employee to be at one of the pay rates for such position or grade which will be not less than the pay rate received by such employee immediately prior to such promotion, advancement, transfer, or Salary Schedule change. Likewise, if an employee is transferred as prescribed by the Civil Service Rules and Regulations for the City of Long Beach ("Civil Service Rules") for other than disciplinary reasons from one position to another position for which a lower pay rate is established, then the General Manager shall designate the pay rate of such employee to be at one of the pay rates prescribed for such position to which the employee is transferred. For the purpose of computing the "period of employment" under the provisions of this Section, an employee of the Utilities Department who has been reinstated to his/her former position pursuant to the provisions of Section 52 of the Civil Service Rules shall be considered as having been in the continuous service of the Utilities Department during the period said employee shall have served in the Armed Forces.

Section 8. COMPENSATION COMPUTATIONS. All salaries and wages in this Resolution shall be computed and payable in biweekly installments, and such installments shall be paid every other Friday in accordance with and in continuation of the schedule of biweekly pay periods and paydays established and commenced by the City

Council of the City of Long Beach ("City Council").

A. Hourly. The compensation for all Utilities Department employees shall be as prescribed and expressed herein on a per-hour rate basis. The amount of the biweekly installment shall be computed by multiplying the employee's pay rate per hour by the number of hours or fraction of hours for which pay is actually due. The hourly pay rate shall include any additional compensation applicable.

B. Unpermitted Absences. When an employee is absent for any reason other than one of the permitted absences authorized by Section 1.06 of the City Personnel Ordinance, the employee is not entitled to receive the full amount of his/her installment of pay for the biweekly pay period during which said absence occurred. The amount of pay that the employee shall receive for such pay period shall be computed by multiplying the employee's applicable hourly pay rate by the number of hours or fraction of hours for which pay is actually due.

Section 9. POSITION DUTIES. Every employee of the Utilities Department shall perform such duties as are indicated by the title of his/her office or position and as are usually incident to such office or position and those that are assigned by his/her immediate supervisor, and such duties shall be performed in aid of the proper and efficient administration of the Utilities Department.

Section 10. POSITION COMPENSATION DESIGNATION. The designation of certain positions in the schedule of positions contained herein and the designation of grades within a specified classification are made for the purpose of classifying such position according to the degree of responsibility and character of the duties required by such positions solely and only to the end that salary schedules for such positions will reflect the differences in the responsibilities and duties attached to positions of the same classification. The characterization of positions by said terms is hereby declared to have no other purpose or effect and shall not in any manner change or alter the classification of employees holding such positions.

Section 11. TEMPORARY ASSIGNMENTS.

1 A. Training and Development. An employee temporarily assigned to
2 perform duties not ordinarily attached to his/her position for the purpose of training and
3 development pursuant to Section 63(3) of the Civil Service Rules shall be compensated at
4 the pay rate fixed by the City Salary Resolution and the Salary Schedule for the position
5 involving the duties to which temporary assignment has been made and at the step most
6 closely approximating the pay rate of the employee immediately prior to the temporary
7 assignment provided that in no event shall the pay rate for the temporary assignment
8 exceed the employee's pay rate immediately prior to the temporary assignment.

9 B. Rehabilitation or Recovery from a Medical Condition. An employee
10 temporarily assigned to perform duties not ordinarily attached to his/her position for the
11 purpose of rehabilitation or recovery from a medical condition that has been certified by
12 the City Health Officer, pursuant to Section 63(5) of the Civil Service Rules, shall be
13 compensated at the pay rate fixed by the City Salary Resolution and the Salary Schedule
14 for the position involving the duties to which temporary assignment has been made and at
15 the step most closely approximating the pay rate of the employee immediately prior to the
16 temporary assignment provided that in no event shall the pay rate for the temporary
17 assignment exceed the employee's pay rate immediately prior to the temporary
18 assignment.

19 C. Y-Rate. An employee temporarily assigned to perform duties not
20 ordinarily attached to his/her position pursuant to Sections 63 (3) or 63 (5) of the Civil
21 Service Rules, which temporary assignment results in a lower hourly pay rate, may be Y-
22 rated (pay rate frozen) until such time as the top step of the employee's new position is
23 equal to or surpasses the employee's Y-rate. The Y-rate shall apply to employees in the
24 positions designated by the General Manager and will continue to be Y-rated until such
25 time as the top step of the employee's new position is equal to or surpasses the employee's
26 Y-rate.

27 Section 12. ORGANIZATIONAL ORDINANCE.

28 A. Bureaus and Divisions. There are hereby created and established in

the Utilities Department the following bureaus and divisions:

1. Commission Bureau with no divisions;
2. Executive Bureau with the following divisions: General Manager; Assistant General Manager(s); and Executive Support;
3. Financial Bureau with the following divisions: Administration, Budget and Rates, and Accounting;
4. Water Resources with the following divisions: Administration; Conservation; and Planning;
5. Gas Business Services with the following divisions: Administration; Gas Procurement;
6. Gas Engineering with the following divisions: Administration; Gas Pipeline Engineering; Gas Inspection; and Regulatory Compliance;
7. Water Engineering with the following divisions: Administration; Project Planning and Delivery; Water Pipeline Infrastructure; Water and Sewer Infrastructure; Water Construction Services; Development Services; and Water Inspection;
8. Management Information Systems with the following divisions: Administration; Geographic Information Systems; Help Desk; and Technology Assets and Infrastructure;
9. Groundwater Treatment with the following divisions: Administration; Water Quality; and Water Treatment;
10. Support Services with the following divisions: Administration; Procurement; Facilities Maintenance; and Security and Emergency Preparedness;
11. Water Construction with the following divisions: Administration; and Water Pipeline Construction;
12. Gas Construction with the following divisions: Administration; and Gas Pipeline Construction;
13. Utilities Field Customer Service with the following divisions:

Administration; Gas Services; Water Services; and Sewer Operations;

14. Administration Services Bureau with the following divisions:
Administration; Personnel Services; and Personnel Policies and Procedures;

15. Occupational Safety Bureau with the following divisions:
Administration; and Safety;

16. Government and Public Affairs with the following divisions:
Administration; Public Affairs; and Government Affairs; and

17. Utilities Customer Service with the following divisions:
Administration; Call Center; and Utility Billing Services.

B. Organizational Structure. Each of the bureaus shall be respectively
under the immediate supervision and control of the head of that bureau.

C. General Manager Appointments. The General Manager may appoint
positions including, but not limited to, Assistant General Manager, Special Projects Officer,
Executive Assistant to the Board of Utilities Commissioners, and Executive Assistant to the
General Manager.

Section 13. CONTINUITY OF LEADERSHIP. In accordance with City
Charter Section 1403(3), the Board's plan of succession is modified whereby the Assistant
General Manager(s) shall perform the duties of the General Manager in the temporary
absence of the General Manager, and whereby the Board will appoint an Acting General
Manager in the temporary absence of the General Manager, and the Assistant General
Manager. In the case of such absence and during the time that the employee is performing
the duties of Acting General Manager, the employee shall not be entitled to receive the
compensation of the General Manager.

However, if there is a permanent vacancy in the position of Assistant General
Manager(s), bureau head, or division head due to any reason such as retirement,
resignation, or termination, then the General Manager may assign an employee to perform
as Acting Assistant General Manager, acting bureau head, or acting division head. During
the time that the employee has been so assigned by the General Manager, then the

1 employee shall be entitled to receive the compensation established in this Resolution, the
2 City Salary Resolution, or the applicable Memorandum of Understanding for the office or
3 position to which that employee is assigned. If there is a permanent vacancy in the position
4 of General Manager, then the Board may assign an employee to perform as Acting General
5 Manager and that employee shall be entitled to receive the compensation established in
6 this Resolution for the position of General Manager.

7 Section 14. SKILL AND OTHER PAYS. When an employee is classified in
8 one of the following positions described in Attachment "B" and is assigned to perform and
9 does perform the occupational skill described in the column hereof designated "Skill", said
10 employee shall be paid on a per diem, hourly rate or onetime payment (bonus) basis, as
11 indicated herein, the amount of additional compensation set forth in the column designated
12 "Additional Compensation" opposite the described skill. The additional compensation shall
13 be paid to the employee at an hourly rate only if said employee is assigned to regularly
14 perform said occupational skill on a daily basis. If an employee is not regularly assigned to
15 perform said occupational skill on a daily basis, then the additional compensation shall be
16 paid at a per diem rate, and said per diem skill pay shall be paid only for each work day
17 that the employee actually performs said occupational skill, and the employee is not entitled
18 to receive and shall not be paid per diem skill pay for any date that the employee does not
19 work or is absent from work on a permitted absence. For purposes of this Section, any
20 employee in a non-career position shall receive skill pay in the same manner as prescribed
21 for a comparable employee in the classified career service and need not be specifically
22 designated in the following table(s) unless there is no comparable classified position.

23 The skill pays described in Attachment "B", as determined by the General
24 Manager or Assistant General Manager shall be effective on the date on which this
25 Resolution is approved by the City Council, unless otherwise duly noted within the
26 Resolution or superseded by MOU provisions.

27 Employees receiving a skill pay as a result of holding a certification beyond
28 the requirements of the position must ensure currency of that certification. Lapse in

possessing such certification while receiving skill pay compensation may result in refunding the City/Utilities and potential disciplinary action.

Section 15. OTHER COMPENSATION.

A. Overtime.

The method of computation of the amount of additional compensation to be paid to an employee for overtime worked shall be in accordance with and pursuant to the applicable definitions, conditions, and requirements of the City's Personnel Ordinance and in accordance with and pursuant to the Fair Labor Standards Act ("FLSA"), except that the additional compensation for overtime exempt from FLSA shall not include uncontrolled standby amounts in the computation.

Any employee in the classification of Water Utility Mechanic II or III who possesses the necessary certifications and shall be required to and shall work overtime (as such term is defined in the City Personnel Ordinance) or on a regular day off, or on a legal holiday, for which time such employee would be entitled to but does not receive time off in performing the duties of Water Utility Supervisor – I, shall be entitled to and shall receive the same compensation as said Water Utility Supervisor – I, would have received when so working overtime. The method of computation of the amount of additional compensation to be paid to an employee shall be the difference between a Water Utility Supervisor I at step 7 and that of said employee at his or her base rate multiplied by the overtime hours worked.

Non-management represented employees may be eligible for Banked or Compensatory Time Off (CTO) described in their respective Memoranda of Understanding ("MOU").

Section 16. TRANSPORTATION. Employees requiring transportation in connection with the performance of their duties for the Utilities Department may be assigned a vehicle owned by the Utilities Department or an employee may receive, by way of reimbursement, the cost of transportation incurred in the performance of his/her duties. Reimbursement, at the discretion of the General Manager, may be paid to such employees

on the basis of any of the following computations:

- A. Actual cost of transportation per month for public transportation; or
- B. For use of a privately-owned vehicle used for Utilities Department business:

1. Any Utilities Department employee whose official duties require intermittent or routine transportation and who does not have access to a Utilities Department vehicle, will be authorized to use his or her personal vehicle for the performance of official duties and shall be reimbursed by the Utilities Department at the rate established in the City Salary Resolution. Employees represented by the Association of Long Beach Employees (IBEW), with approval from the General Manager or designee, may be authorized to be reimbursed for public bus or taxi transportation. Employees subject to emergency calls but who do not have access to a Utilities Department vehicle during "off-duty" hours, may be authorized to be reimbursed as specified above for the use of their own vehicles or for the actual cost of public transportation. Mileage reimbursements shall be administered in accordance with City Administrative Regulation 4-2 Employee Transportation Authorization and Control.

2. Any Utilities Department employee who drives 300 or more miles in any calendar month in the performance of his or her duties shall be reimbursed at the rate established in the City Salary Resolution plus an additional \$0.10 per mile. If an employee's annual monthly mileage average in a calendar year is equal to or over 300 miles per month, reimbursement of the additional \$0.10 per mile shall be paid at the end of the calendar year for those months that were paid at the lower rate. Employees will not receive additional compensation for those miles already paid at the higher rate.

In each instance that an employee uses a privately-owned vehicle, the employee shall procure and maintain in full force and effect bodily injury and property damage insurance from a company or companies authorized to do business in the State of California with minimum coverages as prescribed by the General Manager at all times while said privately-owned vehicle is used for Utilities Department business.

1 Section 17. PAY DEDUCTION AUTHORIZATION. Pursuant to this
2 Resolution and the rules, regulations and policies promulgated by the Board, employees
3 may authorize deductions to be made from their salaries or wages for purposes authorized
4 by the provisions of Article 6 of Chapter 1 of Division 4 of Title 1, and Articles 1, 1.5 and 2
5 of Chapter 2 of Part 1 of Division 2 of Title 5 of the California Government Code, except
6 that such deductions for payment of dues or other services provided by an employee
7 organization or association shall be only as provided by a valid existing contract between
8 the City and said employee organization or association.

9 Section 18. RELOCATION COMPENSATION. Notwithstanding any other
10 provision of this Resolution, the General Manager may, within their sole discretion, provide
11 as part of an employee's annual compensation additional compensation for relocation and
12 moving expenses actually and necessarily incurred to accept a position with the Utilities
13 Department if the General Manager determines that such additional compensation is
14 required as a necessary inducement for the acceptance of employment with the Utilities
15 Department. Said additional compensation must be provided within one year after the
16 employee's appointment date.

17 Section 19. MEMORANDA OF UNDERSTANDING CONFLICTS. Except
18 as otherwise provided in this Resolution and any other applicable federal or State laws,
19 rules and regulations, it is the intent of the Board, by the adoption of this Resolution, to
20 prescribe the compensation of employees of the Utilities Department, including the
21 implementation of such adjustments in compensation for the employees in each office or
22 position of employment with the Utilities Department as provided in any applicable
23 Memorandum of Understanding which has heretofore been approved and adopted by the
24 City Council, and in the event of any inconsistency or conflict between the provisions of
25 this Resolution and the applicable Memorandum of Understanding regarding such
26 adjustments in compensation due to any inadvertence, oversight, or clerical error, it is
27 intended that the provisions in such Memorandum of Understanding shall control and shall
28 supersede the provisions of this Resolution, and such adjustments to the compensation

1 shall be deemed to have been correctly included herein, effective as of the applicable
2 effective date, and such matters shall be subsequently corrected by appropriate action.

3 Section 20. STAND BY DUTIES.

4 A. Standby Compensation. Each employee who qualifies under
5 subsection "B" below shall be compensated at the rate established in their respective
6 Memorandum of Understanding (MOU) for each full hour of standby duty.

7 B. Standby Responsibilities. Employees who are released from active
8 duty but who are required by the Utilities Department to leave notice where they can be
9 reached and be available to return to active duty when required by the Utilities Department
10 shall be said to be on standby duty. Standby duty shall, whenever possible, be assigned to
11 employees on a voluntary basis. When voluntary assumption of standby duty by employees
12 is insufficient to meet the needs of the Utilities Department, then such duty will be assigned
13 upon a rotational basis whenever possible within affected work units. Standby duty requires
14 that assigned employees must be reachable by telephone or other communicating device
15 and refrain from activities which might impair their ability to perform assigned duties. If a
16 standby call is missed, the employee has fifteen minutes to make contact with the
17 supervisor. Employees shall then respond within thirty minutes (30 minutes) to their
18 designated work location as assigned by a Utilities Department supervisor. Employees not
19 obliged to remain on standby duty have no obligation to meet these requirements.
20 Employees accepting standby duty who are not able to meet the above criteria due to
21 distance must make prior arrangements with the General Manager or his/her designee
22 before accepting the standby duty.

23 Section 21. CALL BACK. Call-back duty occurs when off-duty personnel
24 are unexpectedly ordered to return to duty because of unanticipated work needs.
25 Represented employees who return to work on "Call-Back" duty shall be paid at a rate
26 specified by their respective Memoranda of Understanding ("MOU").

27 Section 22. EFFECTIVE TERM OF COMPENSATION. The compensation
28 prescribed herein shall remain in effect until superseded by the City Council to reflect

1 adjustments in compensation in applicable memoranda of understanding and as otherwise
2 prescribed by the City Council for employees not covered by memoranda of understanding,
3 or until this Resolution is amended or rescinded.

4 Section 23. RECOGNITION. In addition to other compensation described
5 herein, there shall be presented to each employee upon completion of ten years' service,
6 fifteen years' service, twenty years' service, twenty-five years' service, thirty years' service,
7 thirty-five years' service, forty years' service, and upon retirement a suitable service award.
8 The Board shall also sponsor an annual luncheon honoring those employees who have
9 completed twenty years' service and who have received state, national and other awards.

10 Section 24. OCCUPATIONAL SAFETY INCENTIVES. Employees may
11 also receive additional compensation in the form of a safety award, including a safety
12 breakfast, lunch and dinner, as determined by the General Manager, for successful
13 participation in the Utilities Department's safety program.

14 Section 25. MEAL REIMBURSEMENT. Employees who are authorized and
15 work unscheduled hours as a result of call back or extended shift assignment and
16 subsequently were unable to make meal preparations, may be eligible for reimbursement
17 for the cost of their meals at a level prescribed by the Long Beach Utilities Department
18 Personnel Policies and Procedures. All conditions must be met by employees as stated in
19 the above referenced policy prior to receipt of reimbursement.

20 Section 26. EDUCATION REIMBURSEMENT. To encourage employees to
21 increase professional competence and to keep abreast of technological changes, the
22 Utilities Department will reimburse a portion of the costs that an employee incurs when
23 pursuing a job-related, off-duty education or career development program that is of mutual
24 benefit to the Utilities Department and the employee pursuant to the Long Beach Utilities
25 Department Personnel Policies and Procedures Manual.

26 Section 27. PROFESSIONAL AND TECHNICAL LICENSES. Employees
27 seeking to obtain or renew professional and technical licenses and certificates in
28 accordance with the Long Beach Utilities Department Personnel Policies and Procedures

1 may be eligible for reimbursement for the accrued costs in obtaining said professional and
2 technical licenses and certificates.

3 Section 28. BOARD RECOGNITION. The Board may sponsor an annual
4 Board/Staff Dinner for selected employees to review achievements of the previous year
5 and capital projects planned for the next five years.

6 The Board may sponsor other benefits, luncheons, dinners, and the like for
7 special awards, strategic planning sessions, outstanding achievements, Metropolitan
8 Water District of Southern California directors and managers, water and sewer related
9 professional organizations, and the like.

10 Section 29. CONCURRENCE WITH CITY COUNCIL APPROVED
11 COMPENSATION. If the City Council, in its resolution approving the compensation fixed
12 herein, or in the City Salary Resolution, approves compensation (including skill pay) for
13 offices or positions listed herein at a compensation or skill pay different than that indicated
14 opposite the positions listed herein or approves classifications for offices or positions not
15 listed herein or approves compensation arising from various Memoranda of Understanding
16 with the City's bargaining units, then the Board does hereby fix the compensation for said
17 office or position at the compensation (including skill pay) so fixed by the City Council by
18 resolution and the Board does hereby adopt the classification for offices and positions fixed
19 by the City Council by resolution.

20 Section 30. CERTIFICATION OF ADOPTION. The Secretary of the Board
21 of Utilities Commissioners shall certify to the passage of this Resolution, and it shall be
22 deemed operative on the date on which this Resolution is approved by the City Council,
23 unless otherwise duly noted within this Resolution or superseded by MOU provisions.

24 //

25 //
