

Acting Zoning Administrator—Scott Kinsey
Zoning Administrator Meeting Minutes of April 14, 2025
Via Zoom Teleconference

At 2:04 PM, Scott Kinsey, the Acting Zoning Administrator, called the meeting to order, provided a brief overview of ZA hearing body, rules of order, how items are heard, and the appeal process.

Regular Item

- 1) **Application No.** 2309-07 (LCDP23-052, SV25-002)
Address: 6268 East Pacific Coast Highway
Council District: 3

Project Description: A Local Coastal Development Permit request to provide safety and preventative maintenance improvements to an existing sanitation facility that includes the demolition of concrete and electric switchboard and construction of a replacement accessory structure for upgraded electrical equipment and restroom, totaling 276 square feet, at a site located at 6268 East Pacific Coast Highway in the Mixed-Use Community Core (MU-CC) designation of the Southeast Area Specific Plan (SEASP) (SP-2). Additionally, site improvements include replacing aging pumps, discharge pipes, valves, supports in the drywell, installing electromagnetic flowmeters, demolishing and reconstructing valve structures with redundancy, rehabilitating the wet well, installing security measures (e.g., cameras, motion detector lights, perimeter fencing), and completing other miscellaneous site improvements to improve redundancies and reduce risk of sewage flow into adjacent wetlands in case of equipment failure. The project includes a Standards Variance request to allow an approximately 30-foot buffer for the new site improvements, instead of a 100-foot buffer area, to open water areas pursuant to Policy 5.2 of the SEASP as the project site and existing sanitation facility is completely located within the buffer area.

This project **IS** in the Coastal Zone and **IS** appealable to the Coastal Commission.

This project qualifies for a categorical exemption per Section 15301 (Existing Facilities), 15302 (Replacement or Reconstruction) and 15303 (New Construction or Conversion of Small Structures) of the California Environmental Quality Act Guidelines and 21080(b)(4) of the Public Resources Code (CE-25-030)
