- 2) Application No.** 2307-19 (LCDP23-042, SV24-001)
Address: 6120 E. Pacific Coast Highway
Council District: 3

Project Description: A Local Coastal Development Permit to provide safety and preventative maintenance improvements to an existing sanitation facility that includes the demolition of concrete and electric switchboard and construction of a replacement accessory structure for upgraded electrical equipment and restroom, totaling 276 square feet, at a site located at 6120 E. Pacific Coast Highway in the Southeast Area Specific Plan (SEASP) (SP-2). Additionally, site improvements include the installation of new pump discharge piping with electromagnetic flowmeters, security measures (e.g., cameras, motion detector lights, perimeter fencing), concrete encasement of the existing wet well influent line, and other miscellaneous site improvements to improve redundancies and reduce risk of sewage flow into adjacent wetlands in case of equipment failure.

The project also includes a Standards Variance request to allow a 10-foot buffer, instead of a 100-foot buffer area to potential wetland habitat as otherwise required pursuant to Policy 5.2 of the SEASP, since the project site and existing sanitation facility is completely located within the buffer area.

This project **IS** in the Coastal Zone and **IS** appealable to the Coastal Commission.

This project qualifies for a categorical exemption per Section 15301 (Existing Facilities), 15302 (Replacement or Reconstruction), and 15303 (New Construction or Conversion of Small Structures) of the California Environmental Quality Act Guidelines and 21080(b)(4) of the Public Resources Code (CE-23-099).
